

/data/jgarcia/linQT
/include/types_definitions.hpp

```
graph TD; A["/data/jgarcia/linQT  
/include/types_definitions.hpp"] --> B[complex]; A --> C[limits];
```

The diagram illustrates a file structure. A gray rectangular box at the top contains the file path `/data/jgarcia/linQT` and `/include/types_definitions.hpp`. Two blue arrows originate from the bottom center of this box and point downwards to two separate white rectangular boxes. The left box is labeled `complex` and the right box is labeled `limits`.
